

I Learn, I Act, I Share

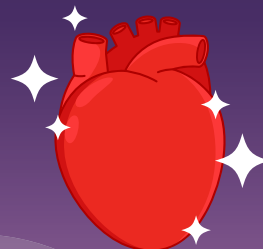

6 PILLARS OF IMAN

LEARNING FOR A

Life With Allah

In this book so far, we have been learning about iman and how to become strong believers. By learning this, we hope to become close to Allah and enter Jannah.

Now it is time for you to put your learning into action! This activity will give you a chance to show what you have understood about the 6 pillars of iman.

The 6 Pillars of Iman Game

Design an Iman-Cube

Work individually or in groups of six for this activity.

Use the net of a cube on the next page to help you to design your own Iman-Cube!

Add pictures and some writing to each side of the cube about each of the pillars of iman.

Once your design is ready, fold up the cube and stick the flaps together. You are now ready to play the game!

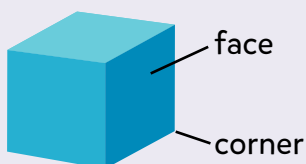

Work in groups to take turns to roll the Iman-Cube. Whichever pillar the Iman-Cube lands on is your topic! You need to say one fact about that pillar.

If you say something correct, you get to stay in the game and the cube gets passed to the next player. If you get it wrong, you have to roll again!

Did You Know?

Each side of a cube is called a face.

How many corners does a cube have?
