WUDU

The Fard Acts of Wudu

There are 7 fard acts of wudu:

Fard: What we **must** do. Our worship is **incorrect** if these are not done.

1

Make an intention.

2

Wash the whole face once.

3

Wash both arms including the elbows once.

4

Wipe the entire head once.

5

Wash both feet including the ankles once.

6

Rub each body part in the steps above.

7

Do each part of wudu continuously.

Task 1

Draw or write the fard acts of wudu in the boxes below.
Then, act them out with your partner.

The Sunnah Acts of Wudu

Sunnah: What the Prophet ﷺ did **regularly**.
We should try our best to always do it.

- 1 Wash your hands until the wrists when starting wudu.
- 2 Gargle.
- 3 Put water into your nose.
- 4 Blow the water out from your nose using your left hand.
- 5 Wipe your hands back over your head (back to front).
- 6 Use new water to wipe your ears.
- 7 Wipe your ears inside and out.
- 8 Follow the fard acts in order.

Can you say and translate the du'a that we say when we finish our wudu?

Task 2

Spot and correct the mistakes in each of the sunnah acts below:

1. Wash your hands until your wrists when finishing wudu.
2. Gargle three times.
3. Blow out your nose, then put water into it.
4. Wipe your outer ears.
5. Follow the sunnah acts in order.

The Mustahabb Acts of Wudu

Mustahabb: What is liked and recommended. We should try to do them as much as we can.

- 1 Perform wudu in a clean place.
- 2 Face the qiblah if you can.
- 3 Say bismillah at the start of your wudu.
- 4 Don't waste water. Use only what you need.
- 5 Start with the right hand, arm, and foot.
- 6 Position the water container or sink to your right side.
- 7 Begin washing from the start of each part. 
- 8 Wash each part in wudu up to three times to make sure it's washed properly. 
- 9 Use a miswak for your teeth and tongue. If you don't have one, use your fingers.
- 10 Follow the sunnah acts in order.
- 11 Complete the fard and sunnah acts in the correct order.

Task 3
